Our class is made up of older adults (60 and up) but we welcome anyone who wants to study scripture in an interpretive way. In other words, we look at different modes and slants rather than deciding that "this is the only way to read or hear it." We have spent most of our time in the New Testament but refer back to the Old Testament often since many of Jesus' words are recitations. Although we have some structure, we are open to prayer and discussion on needs as they come up and/or current events.
